

Carne Asada Temporary Surcharge

\$1.00 Burrito/large item
.50 cents Taco/small item

Due to record high steak pricing, we regret to inform you that we will be temporarily adding a surcharge on all Carne Asada items. We will remove this surcharge once beef pricing drops back to a manageable range, most likely late summer/early fall. We rejected the option of buying lower priced/quality beef with the confidence that our clientele would rather keep the quality and have the choice whether to pay the increased price.

Thank you for your understanding,
